ZABBIX IN ACTION: DASHBOARDS AND THE LATEST FEATURES OF VERSION 8

GRANTED TO

Kamil Herman

DATE: 6.03.2026	**TRAINER:** Tomasz Turba	**DURATION:** 90 minutes

AGENDA

1. What's New in Zabbix 8:
   - Key Architectural Changes.
   - New Features in the Web UI.
   - New Widgets and Visualization Options.
2. Next-Generation Dashboards:
   - Creating a Dashboard from Scratch.
   - Widgets: Charts, Issues, SLA, Top N, Aggregated Data.
   - Context Aware Dynamic Dashboards (Host/Group/Tag).
3. Designing Role-Specific Dashboards:
   - Dashboard for System Administrators.
   - NOC/SOC View.
   - Reporting Dashboard for Management.
   - Aggregating Data from Multiple Hosts.
